1. CURRICULUM VITAE

1. Family name: RUDÍK
2. First names: František
3. Date of birth: 22th August 1973
4. Nationality: Slovak
5. Civil status: Married

6.   Education:

Institution	Technical University Zvolen, The Faculty of Forestry Specialization: Applied Ecology
Date:	1991-1997
Degree(s)	Engineer

7. Language skills: (marked 1 to 5 for competence, 1 – excellent, 5 – basic):

Language	Reading	Speaking	Writing
English	1	2	2
German	1	3	3
Slovak	1	1	1
Russian	2	3	3

8.   Membership of Professional Bodies: N/A
9.   Other Skills: Training of Oracle8 DBA, Bratislava - 1999
    Training of Oracle WebDb, Bratislava - 1999
    Training Informix SQL 4GL, Banská Bystrica - October 2000
    Training Java Swing, Banská Bystrica - November 2000
    Training Case (O-O technology) , Banská Bystrica - February 2001
    Training Informix DB Administration, Bratislava - Juny 2002
    Training Developing J2EE[tm] Compliant Java[tm] Applications,
        Maidenhead, UNITED KINGDOM – October 2005

10.   Present Position: Senior Java Programmer
11.   Key Qualifications:

- design, programming and implementation client/server-intranet software,
- programming with **JAVA/J2EE - Java EE, SQL** – PLSQL, XML, HTML, JavaScript, CSS
- experiences in integration projects using SOAP, REST WS
- experiences in projects using client/server-intranet/internet technologies
- knowledge of Oracle, MSSQL, Informix, MySQL, PostgreSQL
- design the structure of the databases,
- knowledge of IBM Websphere, JBoss, Oracle Application Server, Tomcat (installation, configuration for development)
- experiences in software engineering and design (MS Visio, Telologic Tau)

- experience in carry out tests
- experience in design structure,
- experience in administration, installation (Oracle)
- design and implement stored procedures and triggers
- knowledge of the UNIX (Solaris), Linux (Red Hat) and NT systems, modern database systems and communication systems
- creating programming documentation.

12. Professional Experience Record:

Date:	Since January 2020
Location	Slovakia, Očová
Company	Self-employed
Position	Java Programmer
	See https://dev.rudik.eu for updates

Date:	January 2018 to July 2019
Location	Slovakia, Zvolen
Company	Kronovision s.r.o
Position	Senior Java Programmer
Description	Senior Programmer in Java EE project KSoft, (**Spring/Spring boot, WS (SOAP, REST), Oracle, Java FX**) Customer : Industry: Kronospan IT: Lira Service Gmbh, Sandebeck Germany Responsibilities: - design, Java EE programming and implementation (client/server ERP application) – main focus on implementation, both server and client side. - integration to third side product Transics (SOAP, REST) - migrations from Ant based projects to Maven - testing (junit test, integration testing) - creating programming documentation

Date:	October 2014 to December 2017
Location	Slovakia, Banska Bystrica
Company	PosAm s.r.o
Position	Senior Java Programmer

Description	Senior Programmer in Java EE project Servio (see www.servio.sk), **(Spring, Camel, WS (SOAP, REST), JPA, PostgreSQL, MSSQL, Oracle, Primefaces)**
	Customers :
	    Industry: Energochemica, Air navigation Services (lps.sk)
	    Government: DCOM
	Responsibilities:
	• design, Java EE programming and implementation (client/server – intranet/internet application) – main focus on implementation, both server and client side.
	• testing (junit test, SAHI automatic UI testing)
	• creating programming documentation

Date:	July 2014 to September 2014
Location	Slovakia, Banska Bystrica
Company	Pantheon technologies
Position	Senior Software Engineer Java
Description	Senior Programmer in Java EE project for CISCO Responsibilities: • Java EE programming, testing JUNIT test, python tests • Environment: Linux, Maven, Git, Jenkins • Local leader for 4 juniors. Support, help for junior programmers

Date:	September 2006 to June 2014
Location	Slovakia, Banska Bystrica
Company	PosAm s.r.o
Position	Senior Programmer
Description	Senior Programmer in multiple J2EE – Java EE projects (client/server architecture; thin clients; **(Wicket, Spring, Hibernate, Oracle, MSSQL, WS (Axis2/Axis), Reports (JasperReports)**)): Industry: • SPP, Eustream / intranet internal system, multiple modules (development, support / IBM WebSphere; MSSql DB) • VSE (development, proposal, consultation, support / IBM WebSphere; Oracle DB) • ČEZ (development, support / Oracle AS;Oracle DB) Healthcare: • UZDS project (development, support / Oracle AS; MSSql DB) • epSOS project (development / XML Transformation) • Snomed Translator project (development / Jboss; MSSql DB) Other: • mTrust project (development / API part – middle layer, services) Responsibilities: • design, J2EE – Java EE programming and implementation (client/server - intranet application) – main focus on

	implementation
	• testing
	• customer support (SPP, Eustream, ČEZ, VSE, UDZS), bug fixing, change requests implementation
	• creating programming documentation

Date:	January 2006 to August 2006
Location	Slovakia, Banska Bystrica
Company	Beset s.r.o
Position	Software Developer
Description	Programmer in project Komplex Information System(KIS) of UDP (Urad danoveho preverovania). Responsibilities: • design, programming and implementation client/server-intranet application. (Thick client – **swing, JBoss, Oracle DB**) • Oracle DB administration • creating programming documentation.

Date:	October 2005 to December 2005
Location	Slovakia, Banska Bystrica ; Belgium, Brussels
Company	Unisys Slovakia s. r. o.
Position	Consultant
Description	Consultant / J2EE developer for Unisys in project for Mobistar Belgium (Orange group) in Brussel. Responsibilities: • JAVA/J2EE programming and testing client/server-intranet software; client side – jsp developer (J2EE / Portlets technology - jsp; jboss, Oracle DB) • creating programming documentation.

Date:	September 2000 to September 2005
Location	Slovakia, Banska Bystrica
Company	Beset s.r.o (ICL Slovakia s.r.o. to April 2002, then Fujitsu Services s.r.o) – changes in company ownership, but same position in company
Position	Software Developer
Description	Programmer for in project Automated Information System of Police (AISP) of Ministry of Interior of SR and in project Komplex Information System(KIS) of UDP (Urad danoveho preverovania). Responsibilities: • design, programming and implementation client/server-intranet

	software
	• JAVA programming and testing client/server-intranet software
	• programming communication AISP with External System (ES), reading data from ES into AISP Application and dynamically creating new objects.
	• Oracle DB administration
	• creating programming documentation.

Date: from (month/year) to (month/year)	from September 1997 to August 2000
Location	Banska Bystrica, Slovakia
Company	Slovak Environmental Agency
Position	GIS specialist, Oracle DBA
Description	• Geographical information's system specialist tasks (Windows, Unix - Solaris) • Spatial data manipulation • Programming with **ESRI products** GIS macro languages (AML, SML) • Oracle Server, Client installation • Oracle DB Administration (All Oracle8i DBA Tasks) • Participation in complete analysis and data/object design of the new systems • Oracle WebDB testing • Implementation of user interface by combining Oracle WebDB technology with PLSQL, JAVA and JavaScript languages • Connecting to data storage systems using JDBC/ODBC data sources, handling SQL queries and data. Supporting security data/user access framework. • Developing of WebBD based Intranet applications using Java, SQL, PLSQL
